# PRINCIPAL'S MESSAGE

WHEN the *Newtonian* reaches its readers, our senior students will be near graduation, one of the outstanding landmarks in their lives. With confidence, they will look back over the year, measuring their achievements and observing with regret those objectives which they endorsed so hopefully last September, but which eluded their grasp.

Every graduate of Newton who has given "toil, sweat and tears" to studies and activities will open this book as the years roll on and call to mind the planning, the hard work and the anxiety that preceded each outstanding achievement and the joy that followed. This book, too, will recall the friends, the happy times, the great struggles in the games and the intense loyalty that supported our rugby team at the stadium, either when ahead or hard pressed. All are indebted greatly to those members of our year-book staff, teachers and students who have created this treasure house.

During this year and past years, many of our graduates have given their best to create a fine tradition for Newton High. It is these young men and women who will continue long after graduation to show their interest in the school and in those teachers who so capably helped to direct their lives. Our Alumni Association, growing in strength and usefulness, presents a good opportunity to those who wish to continue their associations with their former classmates and teachers. Through this organization, loyalty to our school may receive tangible expression during the years to come.

Our school has gleaned much during the quarter century of its history from the two principals and from their contemporary teachers who devoted themselves to the task of creating worthy Canadian citizens. Mr. W. J. Sisler, who was principal when the school opened in 1922, made a contribution in this respect that is unique in the tradition of Winnipeg schools. His successor, Mr. A. E. Floyd, enriched and extended the tradition of Newton. The men and women who were on the staff, under the capable leadership of these principals, shared in this great task.

The present school year has again shown that the staff and students of Newton High School can rise to those occasions when so much is needed to bring success within our grasp. Our coaches in athletics have aided us energetically in bringing our school to the top brackets in rugby, soccer, volleyball and basketball. In these games, we won four city and one provincial championship. In March, the "Fair," the outstanding event of the year, took place. Teachers and students gave their best and others in the community joined with them. This co-operation was the basis of our success in creating a substantial financial surplus to help our school activities. At present, our orchestra and our choirs, inspired by their capable leaders, are reaching out for high achievement.

These activities of our school have aided and supported the vital objectives of our instruction by creating attitudes and habits of daily life upon which the solid structure of a nation can be reared.

It is our aim to inspire and to train our young people to be Canadians with a vital interest in making this a better country. A knowledge of our culture and democracy, proficiency in scholarship in several branches of learning and a dynamic interest in giving service to the community, the nation, and to civilization, these are the measures of our success. Our Memorial in the main corridor and our Honour Roll give ample evidence that hundreds of Newton School graduates of past years have dedicated their lives to the preservation of our freedom-loving civilization. May you, our graduates, be inspired by their example to preserve and to develop the heritage which they have given!

# EDITORIAL

ONCE again we have come to the end of a wonderful school year. For some it is the end of school life and for others merely another stepping-stone passed on the way to higher halls of learning.

Our years at Newton have been spent in gaining knowledge and experience. Here we have learned to work and co-operate with boys and girls of many races and creeds in numerous extra-curricular activities and creative work. This year has been a very active one for both staff and students. Newton has proved herself in the field of athletics in the past and this year four championship teams added more lustre to her proud reputation.

This was Fair Year at Newton and the success of this venture was due to the united effort of all students, teachers and friends. Several choirs entered the Manitoba Musical Festival and have done quite well. In this annual we have tried to recapture the highlights of 1947-48 so that in years to come it will be a source of pleasant memories to all.

## THE STUDENTS' COUNCIL

After the excitement of the election campaign, Basil Furgala was elected president of Newton High at the beginning of the first term. Genevieve Stark was elected vice-president and Margaret Dolhun, secretary.

In the February elections, an overwhelming majority elected Lloyd Chiykowski president. Lloyd's progressiveness and determination proved he was ably fitted for this responsible position. Jenny Hammerling was elected vice-president, while Marge Dolhun remained secretary.

Council members, elected as chairmen of various committees, aided in many improvements around the school.

The socials, under the supervision of Jenny Hammerling and then Bill Senyk, were a great success. Stage shows, movies, and sing-songs entertained those students who attended the

socials yet did not dance.

Harold Mauthe, with his athletic committee, did a very thorough job. Through their efforts better sports equipment for both boys and girls was obtained. Bowling and ping-pong tournaments were again introduced, and a general sports fund was started.

Bill Jarrard and Bill Okrusko, chairmen, respectively of the Auditorium Committee, did an exceptional job through the year. Various programmes were provided once a month in the auditorium. Allan Steinhauer elected to act on the Bulletin Board committee, also deserves worthy praise.

Only through the combined efforts of Mr. Snyder, the teachers, Lloyd, and the Students' Council, were these achievements possible.

Congratulations for an important and responsible job well done.

## June Shaley

Governor-General Medalist and remarkable student, this talented girl has, since her first year at Newton, proved herself a capable leader. Her scholastic ability gave her a 92.3 average in Grade XI Matriculation and the Isbister Scholarship. June has been Editor of the Nor'Wester for two years and taken part in many extra-curricular activities — both athletic and otherwise. June's scholastic ability, combined with her initiative, citizenship and executive ability, have earned her the Governor-General's medal this year.

★

## Dora Shero

This versatile Miss portrayed all the fight and spirit that is typical of a leader in athletics. Doris played an important part in the success of our school last year and deservingly captured the Isaac Newton Memorial Trophy for her sterling efforts.

Basketball is one of Dora's favorite sports and in this she excels both in and out of school. She was a very important player on the Senior Girls' basketball team and was a key player in enabling them to win the championship. Senior volleyball was another sport in which Dora starred. Field Day was no exception for Dora. She won several prizes in the school field day and then went on to place second in the Inter-High Ball-throw.

Leaving sports we find that Dora was the energetic secretary of the Student's Council as well as the "snooper" for the Snooper Column and Classees Talk for the Nor'Wester.

Dora has made quite a name for herself and she can be found at the top of the list for any field of activity she enters.

## Harold Mauthe

**The Peter Kalyta Memorial Trophy donated by the Ukrainian National Home Boys' Club to be awarded annually to the most outstanding athletic student citizen of the Isaac Newton High School.**

The first person to win this trophy was one of the most deserving individuals ever to set foot in Newton's portals. Harold Mauthe fulfilled the requirements on the inscription to the highest degree. This bespectacled crew-cut youth was a leader in athletics, a fairly clever student and an outstanding citizen.

Harold has a modest nature and prefers to do his talking with action. He starred on last year's championship rugby team as a plunging fullback and showed his real greatness in the final game against St. Paul's. The basketball season rolled around and thus another title came to Newton. Our Quintet was spark plugged by their under-rated captain — Harold Mauthe. Field events were not in the Mauthe repertoire but still he ventured into them. Harold was not satisfied with this and gave freely of his services to the teaching of basketball rudiments to the girls of our school. The award for his time and patience was the capture of the Senior Girls' Basketball title.

Due to his immense popularity with student body Harold was elected president of the school in the first half of the term but owing to the fact that his many extra-curricular activities were proving disastrous to his school work, he was unable to run in the latter portion of the semester. Those who know Harold will all agree that whatever field of endeavor he enters he will undoubtedly be a success!

# EXCHANGES

*"There is no frigate like a book  
To take us leagues away  
Nor any courser than a page  
Of prancing poetry."*

Year books have been our magic carpet. Mounting it we have travelled through schools of Australia, Saskatchewan and Manitoba. We have seen all phases of school life from scholastic to social and athletic. These visits have been very enjoyable. For these we can only say: Thank you, Merci beaucoup, Gratias, Dankeschon . . .

## AUSTRALIA

*Technichem*, Sidney—This book follows the saying: "All good things come in small packages." Lab-Oratory was an interesting article. We see that Cupid was very busy out there with wedding rings.

## SASKATCHEWAN

*Technalogue*, Success Technical Collegiate Saskatoon — A veritable whopper with its excellent literary section, its class write-ups, and vivid pictures of social life in a Western high school. Notre favori—The Student's Poll. What Democracy!

*Ye Flame*, Regina Central Collegiate—Another Westerner highlighted by its attractive pictures and thorough outline of the social and athletic feats of the school. Alas, there are no jokes, no literary section!

*Cynosure*, Prince Albert Collegiate—The last but not least of the Saskatchewan trio. It is really "cynosure" with its—oh yes, jokes, excellent pictures, and royal literary section. We loved "Ichabod" by Pat Gooch.

## MANITOBA

*Chronicle*, Lord Selkirk, Winnipeg—Up and coming Shakespeares have brightened the literary section. Regarding "An evening of Concentrated Study" we humbly say—'how true, how true.' The write-ups are witty, the social descriptions exciting.

*Kelvin Year Book*, Kelvin Technical High School, Winnipeg—Variety is the spice of life, seems to have been this book's motto. The admirable sonnets, the unique language section, and the hilarious humour section flavour this book to perfection.

*Purple and Gold*, Gordon Bell High School, Winnipeg—Really sharp are the rare candid shots! Two other favourites are the story by Jack Woodbury and the cartoon by Carl Bell. Their pictorial sports section reminds us of their excellent G. B. teams.

*The Breezes*, Daniel McIntyre Collegiate Institute, Winnipeg—The music section in this book is delightfully refreshing. Their literary section has a wonderful selection of stories and poems. Although the book has no written humour, its cartoon, "School Daze," tickled our fancy.

*The Torch*, St. John's High School, Winnipeg—The "Torch" is burning bright this year. Its write-ups, different brain teasers, (we tried our luck at the geometry contest) its alumni, clubs, sports, and jokes make this book one of the best. May we ask where you unearthed those cartoons?

*Annual*, Grandin School, Fort Garry—A stout-hearted little book from a big-hearted school. We enjoyed the write-ups from Grade I to XI. Sorry you could not add more variety to your book. What about a Literary Section or Art Column?

*Aurora*, The Pas Collegiate—Your book is as good as ever with its wonderful personal, social and athletic write-ups. We enjoyed "A Day in Grade X" and "Can You Imagine" very much.

*Flinlonian*, Flin Flon Collegiate Institute—Our northern friends are quite literary minded judging by their many different poems. Their pictures of sports are really quite exciting. (Almost wish we were there).

*The Endeavour*, Dauphin Collegiate Institute—This is the first time this book has been published since 1940 and we certainly think your efforts have been well rewarded. We wish you the best of luck and hope you keep these books coming.

*The Tattler*, Portage la Prairie Collegiate—Your Minstrel Show sho're struck us as being unusual. Your

literary section is right on the beam and you certainly have some up-and-coming poets, especially Lola Coltart who wrote "Around the School."

*Vos Adolescentis*, Baldur Collegiate Department—"Our Character" claimed most of our attention. Another original item was "The Funnies." By the way, we admire your financial report, especially since it balances.

## *As We See Them . . .*

Miss Leggat—

"She doth little kindnesses  
Which most leave undone or des-  
pise."

Mr. Fraser—

"Man is the merriest species of  
creation."

fear to go to the end of his  
thought."

"She teaches the great virtues of  
labor, aggression and persever-  
ance."

Miss Nelson—

"Life has a value only when it has  
something as its object."

Miss Mitchell—

"Come and take choice of all my  
library,  
And so beguile your sorrow."

Mr. Gresham—

"He was in Logic, a great critic,  
Profoundly skill'd and analytic,  
He could distinguish and divide  
A hair 'twixt south and south-west  
side."

of affection which make a young  
world for me again."

# RETIRING TEACHERS

## MISS R. E. McCRUM

*"Her gesture, motion and her smiles;  
Her wit, her voice, my heart beguiles."*

Perhaps to no one could these words be more aptly applied than to the soft-spoken, talented Rae McCrum who came to Newton in 1921 from the Emerald Isle. Born in County Armagh and educated in Dublin, Miss McCrum came to Canada with her family and made her home in Winnipeg, where she completed her University Course in 1925. After spending one year in the Victoria Albert School, she was transferred to Isaac Newton six months after the school was opened, and there remained until June 1947, making a host of friends among students and teachers. From her, hundreds of young people learned to enjoy the pleasures of Folk Dancing and Games and to love the best in Art, Music, and Literature.

To many graduates of Newton the happiest memories of the old school will, perhaps, centre around Festival Choirs and Ensembles (often winners), concerts, Glee Club, Orchestra, and, high light of all, Gilbert and Sullivan performances—all so successfully directed by Miss McCrum.

Miss McCrum's friends on the staff will not soon forget her loyalty, friendliness, her ever-ready spirit of co-operation, her sense of humor, and her calm in the midst of the turmoil of even a Playhouse production.

We are glad Miss McCrum is not leaving Winnipeg, but will still be able to join in many of our activities. All Newtonians, past and present, wish for her great happiness and hope that in her leisure she may find time to enjoy the many cultural pleasures which she has always loved.

## MISS J. I. McMURRAY

OUR former staff member and friend, Miss Jane I. McMurray, like the Wiseman, came from the East. Born near St. Mary's, Ontario, her education and early teaching experience were gained in that community. As a young woman she came to Winnipeg when her family moved West in 1911. It was not until 1925, however, that she joined the Winnipeg School Staff, teaching first in George Fifth, later in Isaac Newton and Lord Roberts Junior High Schools in commercial subjects. In 1936, when she received her B.A. degree from the University of Manitoba, she returned to us and remained until her retirement in 1947.

Miss McMurray's wise and friendly counsel was shared by staff and students alike; her keen sense of humor and sympathetic understanding won us all. How her eyes twinkle at a merry joke! How sympathetically she listened to our woes! As school librarian, that department gained fresh life and flourished.

Her activities at Newton were many and varied. Will we ever forget her Candy Sales for the Red Cross; the Food Bar at the Fair; repairing a broken fastener or shortening an opera costume at the last minute; or cheering at an exciting moment in a rugby game!

So we miss your cheery smiles and your kindly concern for us, but we hope we will hold always your loyalty and love for Isaac Newton!

*Too true to flatter, and too kind to sneer,  
And only just when seemingly severe;  
So gently blending courtesy and art,  
That wisdom's lips seemed borrowing friendship's heart.*

### DYING MIRACLE

(Poem on the Seed that Never Grew)

Though April come,  
Splitting her brown plump sides with  
    laughter-making,  
Tickling the spine of willowbuds to  
    breaking,  
We shall not smile or stir,  
Stretch tendril, hood of fur,  
Gloss leaf, or sap-sweet burr.  
... All fall we dug the leaf-encrusted  
    ground,  
Dug deep and round our earthy coffin-  
    mound,  
A shelter to protect within its box,  
This nuptial seed from the lethargic  
    cold.  
In darkness thimbled, taped, the seed  
    arthritic,  
Bound in a cast of cold, like paralytic,  
For the miraculous recovery  
Is waiting hopefully.  
... No use at all,

To signal at the hardened forest floor,  
Tap, tap; rap, rap upon the coffin door.  
The calling cane shall never call us  
    more;

And though across the greenening garden  
    wall,

His soiled white loin cloth, Ghandi-  
    winter fling,

And on him don the clean green wraps  
    of spring,

We shall not murmur greeting or de-  
    light,

Him, welcoming.

Our shrivelled hearts squeezed tight  
    against the night,

Like stricken children frozen into sleep,  
Murmur confessionals, soft pleas of  
    fright:

"O gentle Jesus, break and roll away  
The heavy-lidded night, the hinging  
    clay.

Let us see once, but once, the light of  
    Day.

# EX NOBIS

Look around you fellow students! The girl at the blackboard, the boy in the front seat, the people you pass in the hall—are Canada's future adults. With us lies the responsibility of upholding the standards of government, culture, science, and good clean sport in our country. We know we are capable of the task for it has been proven by our graduates, the boys and girls before us.

Newton has seen many of its students reach the top and may well be proud of them. Let us hope that we may, through hard work and perseverance, follow their good example.

## MARY HAMMERLING

Many will remember Mary Hammerling who graduated in 1946. She won the Catholic Women's Scholarship and went on to Grade XII at St. Mary's Academy where scholastic ability won her the Rupert Chittick Memorial Scholarship into Second Year Arts. Last year she received the prize for Christian Doctrine and was crowned Queen of the May. Movies of the ceremony were shown at the Marian Congress in Ottawa. This year she has been elected secretary-treasurer of the school. Mary is a member of the Newman Club of the University of Manitoba and is on the basketball team at St. Mary's Academy. She is in Second Year Arts.

## VLADIMIR ZAROWSKI

Vladimir Zarowski graduated from Newton in 1935. He then studied at the University of Manitoba where he majored in Mathematics. He graduated in Honors Arts in 1940 with a Bachelor of Arts degree. He continued to do post-graduate work and received his Master's degree in 1944.

He is now connected with the Monarch Life Insurance Company doing statistical and actuarial work. He is completing studies on actuarial work on his own in order to obtain a degree and will shortly write the American Actuarial Societies exam.

## MARY BODNARCHUK

Mary Bodnarchuk is a 1947 graduate. During the summer months she worked as an interpreter of Ukrainian, French, German, and Polish in the Treasury

Department of The T. Eaton Company.

This year she is taking the First Special course in Home Economics and will continue studying during part of the summer in order to finish 2nd Year Home Economics.

She was pleasantly surprised when told she had won the Winnipeg Press Club Memorial Award. The cash award was presented to her for the essay "Going Back" which appeared in last year's Newtonian. Mary feels indebted to Newton for the prize.

Mary is a member of the Gamma Rho Kappa Club (Ukrainian Catholic University's Student's Club) where she is one of the feature editors. She will finish 4th Year Home Economics, get her B.Sc. Degree and then would like to teach. She is exceptionally interested in Guidance Counselling.

## RICHARD SCHOUTEN

Newton's outstanding student for 1946-47 was Richard Schouten whose ability and character won him the Governor-General's medal. He edited our year book in 1946 and was assistant-editor last year, as well as president of the school. He served on the Nor'Wester staff and played on the Junior basketball team.

At present Dick holds the position of radio engineer at CKRC and is a member of the Radio Broadcast Club. He is studying television at home. He plans to stay with radio and is especially interested in the production end of the business. His ambition is to be a producer of radio shows.

We know that he will succeed in his chosen field.

### MYRA LAZECHKO-HAAS

Myra Lazechko attended Isaac Newton and has contributed poetry to our year book for many years.

She wrote her first poems at the age of eight and is now the only poetess known to have majored in the writing of poetry in the English language on Ukrainian topics. In her work she calls upon the rich European tradition of her parents.

In 1937 Mrs. Haas received an honorary degree in Journalism from the University of California. Some of her poetry has been read over CKRC, CJOB and C.B.C. network. Her poems have been reprinted in an Anthology of Ukrainian-Canadian literature and her poem "Spring" was chosen to represent Winnipeg in a British Anthology. A recent portrait of herself has been sent her from a complimentary reader in Norway.

In 1947 she won first prize for her poem "Prodigal" in a contest for professionals and non-professionals in Canada and England.

Myra Lazechko-Haas is at present preparing a book of her poems. The book will centre around a long poem done in Dramatic Monologue.

### CORNELIA GAYOWSKY

Cornelia Gayowski graduated from Isaac Newton in 1944. In 1940 she won the Silver Medal for highest marks in pianoforte in the Province.

At present she is in New York studying with Adele Marcus. She has done several concerts in and around New York. She hopes to gain more experience in the musical field by concertizing in Canada, U.S.A. and South America. She must do this extensively so that she will be worthy of a Carnegie Hall debut.

We wish you the best of luck, Cornelia, in your musical ventures and look forward to hearing about your Carnegie Hall recital soon.

### ADELINE WIRTH

Adeline Wirth, a 1945 graduate, is now taking 4th Year Arts at St. Mary's Academy. In 2nd Year she was elected to the U.M.S.U. Council for a 2-year term. This year she was Ticket Convener for St. Mary's Annual Prom. She is also 4th Year Social Rep. She took part in skits over the St. Boniface Station CKSB on "Radio Université Présente."

Next year she will attend the School of Social Work at the University of Manitoba.

### FRANCES KAGAN

Frances Kagan spent the last two summers at Laval University in Quebec City. She was Lady Stick at the University of Manitoba for 1946-47. She performed in the French play sponsored by the University of Manitoba, "Le Médecin Malgrè Lui" by Molière at Provencher School.

### BARNEY ZEAVIN

Barney Zeavin, a graduate of 1942 has recently been awarded a scholarship by the University of Wisconsin.

### NICHOLAS MOZEL

Nick Mozel, whose picture may be seen in our lower hall, is a former winner of the Governor General's Medal, and a 1939 graduate. After leaving Newton he completed Grade XII at United College and took a business course at the Manitoba Commercial College.

Nick served with the R.C.A.F. for 3 years, 1942-45, as a pilot. He flew with the Coastal Command in India and was in the Bahamas, Palestine, and Brazil. He also saw the Gold Coast, Cairo and the African Congo.

He has completed 4th year Commerce at the University of Manitoba and is employed in Montreal for the summer. He will return to Winnipeg next year to finish his University course.

Nick claims that his main interests are his wife and ten month's old son, but flying comes next.

# YOUR ALUMNI

May I extend my deepest sympathies to the students who graduated this year. No, it's not a misprint, I really mean it. Never again will you enjoy yourself as you did at school. Most of you while attending school disliked it very much. All of you, when you are out of school, will long for the good old days. The days of rugby games where you cheered as you'll never cheer again, of operettas when you swaggered around like the pirate you were acting and of the fair when you stood behind and enticed the people by fair means or foul to try their luck at darts. Never again will you defend anything with more fervour than when you defended the old school from malicious remarks of rival high school students. Where else will you be able to see your friends every day and to play any sport you want with whom you want to? Ah yes, there is nothing like the old "High School Spirit."

Soon those days will be nothing but burning memories. May I, a graduate like yourself, suggest a means to retain something besides memories. By joining the Alumni you can keep in contact with your friends, and retain something of that spirit that burned brightly during your school days. Therefore I say join your Alumni. Yes I say your Alumni because it is you, the graduate, who gets the benefits, the enjoyment and also the work of the Alumni. They say it is better to give than to receive. Well, in the Alumni you do a great deal of both. You give whatever time and work you can and from it reap untold enjoyment. I think it can be said that you will get even more from it than you did from the pleasant school hours; barring examinations of course.

If you will but spare me the time I will tell you a little of the history of the Alumni. For two years the Alumni struggled along with meagre funds and only a handful of supporters. They worked hard and planned even harder to make the club success, and one of their first discussions was that if any

function was to be put on, then no matter how much work or money it took it was to be assured that everyone who came would have a good time. This soon bore fruit when more and more grads who enjoyed themselves at Alumni functions came in and joined the ranks. With more and more enthusiastic members the Alumni planned more and more activities. Soon such functions as Glee Club, Tally-Ho, gymnastics for girls, and basketball games between rival Alumnis were commonplace. These were only a small part of Alumni plans that materialized and soon there were so many things happening that it was hard to keep up with them. Committees were formed as the Alumni grew, to relieve the load of work the president was doing. Right now we are considering a motion to elect secondary committees to be of assistance to the main body.

For the benefit of those who are wondering what a typical Alumni meeting is like, let me describe one for you. Around seven o'clock the first members arrive and for a short time the air is rent with greetings tossed back and forth. As soon as everyone greets their friends the different functions get underway. Various boys and girls make a mad scramble to play ping-pong or bridge, while from the deep recesses of room ten can be heard the faint strains of "Gypsy Love Song." This tumultuous riot called fun by some continues until nine o'clock. Then one and all come in the library for the general meeting. These meetings are presided over by Andrew Okrusko, president of our Alumni, who calls upon the different executives to make their reports on the week's work. At these meetings all the plans and ideas of the various committees are brought forth, talked over, and then voted on. It is surprising how much is decided in one hour. For example, at one meeting late in February it was decided to hold a dance on March 19th with Charlie Cruikshanks' band in attendance; plans for a letterhead were approved and sent to the printers, a

raffle to raise money for scholarships to be held on the thirtieth of April at a whist drive and dance and a tentative date set for the dance for the students. Oh yes, the assistance for the school fair was also decided upon. As you can easily see there's not much time for sleeping at these meetings.

It is surprising what can be accomplished at these meetings and I think I can safely say that when you start work in the Alumni you haven't any time to lose interest because you are starting work on a second project before the first is even through. This keeps interest at the highest pitch which not only assures successful socials but binds all members closer together. You may not believe it but while they are having a grand time a lot of good earnest work is done. Part of this work entails the attempt to fulfill the aims of the Alumni, which are:

1. Interpret the school to the community and the community to the school.

2 Promote educational, recreational, social and cultural activities for the graduates.

Congratulations to the  
Class of '48

3. To be of help to the school in every way possible.

As you can easily see this keeps everyone hopping.

In closing I can quite safely say that no matter whether you are athletic, scholastic or just a plain Joe like myself there is a place for You in Your Alumni.

## THE FAIR

This year Isaac Newton High School held their second Community Fair. It was the highlight of extra-curricular events this term and both a social and financial success.

After several busy weeks of planning, canvassing and selling tickets, Fair Day came around. On March 5 the doors of the school were thrown open to the community. Dull, drab classrooms had been transformed into gaily decorated booths and both teachers and students eagerly awaited the first customers. Three busy hours passed and the clerks were given a brief respite before the evening crowd arrived. The afternoon had been quite busy but did not equal the evening rush. There were people everywhere—in the rooms, in the halls and on the stairs. The halls rang with their excited, happy chatter and laughter as they elbowed their way from counter to counter.

The busiest spot both afternoon and evening was the games room. Here, both old and young came to try their luck. Each game was set up in a balloon-decked stall. Ambitious young salespeople cried out to the customers passing by, persuading them to try and "hit the bullseye" or "guess how many beans," etc. Another very popular room was the auditorium where an interesting program was presented. Ukrainian folk dances, choral ensembles and a quartette were featured.

Food bars were placed at strategic places in the halls and refreshments were sold. The home-cooking room was the first to be sold out completely, as was expected. There were two Novelty Bars where anything from an apron to fancy potholder could be purchased at a reasonable price.

A Tea Room was set up in the library and provided a nice quiet retreat for anyone wishing to escape the noise and crowds.

A Glamour Portrait Studio was set up in the lower hall and human nature (vanity, that is) kept it very busy. A new feature in photography was the Silly Silhouettes. Although not as busy as the other studio the silhouettes provided many laughs as people discovered new bumps on their noses or protruding adams' apples.

Colorful balloons floated high above the crowd. These were sold in the upper hall and lent a carnival air to the whole affair.

A loud-speaker set up in the lower hall directed the crowd to the various rooms. Checkrooms were set up and free checking provided.

Everything possible was done to keep the crowd busy buying and on the move. Everybody had a grand time and returned home laden with prizes and novelties, thoroughly satisfied and happy. The clerks were very tired but quite willing to do it all over again.

## AUDITORIUM PERIODS

The auditorium periods this year provided entertainment as well as educational interest. During the course of the year, the students heard the Reverend Mr. Laite, a chaplain with the Winnipeg Grenadiers, who related his experiences at Hong Kong. Miss Sophie Michas, gave the commercial students a demonstration of speed typing and Miss Morrison, the school nurse spoke on "Tuberculosis" while short films were also shown on this subject. Plays presented by the grade ten classes, basketball and rugby rallies, educational films, election campaigns and many other activities made our 1947-48 schedule of auditorium periods very enjoyable. We owe special thanks to our auditorium chairmen this year, Bill Jarrard, Allan Steinhauer and Basil Okrusko.

## NOR'WESTER

The Nor'Wester staff, under the capable direction of June Shaley, Editor-in-Chief, again published five successful issues of the school paper. Miss E. Nelson, Miss S. A. Halprin, and Mrs. H. G. Robson acted in an advisory capacity. One representative was chosen from each room and given a definite job to do. Such popular columns as Classee-Talk, the Snooper, Sports and the Nut House, appeared for the enjoyment of the students.

---

## T. A. G. - Y.

The Isaac Newton T. A. G. - Y. under the leadership of Miss Janet Brown, held meetings every Tuesday night. Although the membership is small, the girls enjoy their weekly meetings. They organize their own activities, and have had a number of socials this year, as well as hearing guest speakers. They also take part in various sports, such as volleyball and basketball, and do different types of handicraft.

---

## INTERHIGHLIGHTS

For the first time in Winnipeg's history, the high school students of Winnipeg organized an inter-high paper, INTERHIGHLIGHTS, with the co-operation of the University of Manitoba Student's Union. This paper contains news of school projects and sports, and of current activities of interest to students, besides providing a medium whereby literary achievements by the students may reach the public.

The aim of INTERHIGHLIGHTS is to unite the high schools into one co-operative group, and to provide a closer relationship between the high schools and the university.

Newton was well represented on the editorial staff by June Shaley, Managing Editor; Genevieve Stark, Review Editor; Steve Solilo, Chief Photographer, Lloyd Chickowski and Ruth Bauer, sports staff; and Rose Danylo and Leone Kozar, news staff. On the business staff were David Oshanek, circulation manager, and Anne Burba, Jean

Maksymec, Russell Lacomy, as advertising solicitors.

---

## I. S. C. F.

The I.S.C.F. branch at Isaac Newton was reorganized just this year. John Hindle is sponsor and Alf Leite the capable president of the group. The members have a definite motto: "To know Christ and make Him known," and do their best to live up to it. Open discussions on various Bible passages and other matters are held at the weekly meetings. Two representatives also attend meetings at United College under the leadership of Chuck Tipp.

In addition to the activities already mentioned, the members also organize social functions, such as fudge parties, sleigh rides and tallyhos.

---

## DRAMA

Although there is no Drama Club this year, several grade ten classes have put on plays from "On Stage" under the supervision of Mr. H. G. Robson. Two classes held their presentations in December and Room 4 presented a play in February.

Room 15 presented "Brothers in Arms," under the direction of Gertrude Brucker and Shirley Hogue. The cast included Agnes Renkewitz, Emmanuel Busch, Michael Posadniuk, and Bill Podolak.

The Room 19 play "A Marriage Proposal," was directed by Anne Nickel and Eileen Wright. The cast consisted of Anita Lavallee, Bill Rychien and Richard Horch.

The girls of Room 4 presented "Shall We Join the Ladies," under the direction of Dorothy Doern. The cast included Anne Baran, Florence Brett, Olga Chura, Jennie Ehnat, Miriam Johnson, Joyce Macush, Elizabeth Oberwenec, Emily Mudlo, Evelyn Paralak, Lillian Petriw, Olga Pinkus, Julie Romus, Alice Thomas, Hope Yanick.

Though the actors are all amateurs, the performances they presented were almost professional, and provided a great deal of enjoyment.

# SOCIALS

The year's socials began by giving the girls their greatest opportunity—mainly to ask “him” to the DOG-PATCH-DIP. Some victims even came decorated in VEGETABLES. Music was supplied by the T. Eaton Band box. Barn dances, a schottishe, and social mixers were struggling events—all very well done. A Spot Dance took place and (Barn Dance) records were the prizes. The crooner of the evening (Undoubtedly Shack) left a terrific impression on “Les Femmes.”

The long awaited school tramp was held on Monday, the 22nd of December. The program was masterfully executed by Bill Senyk, our genial Master of Ceremonies. The Blue Knights orchestra filled in between the movies taken by Mr. Lind which showed the Santa Claus parade in which many students took part. After a movie sing-song Miss Knapp accompanied the group in the singing of the Christmas Carols. An over abundance of refreshments was available and the excess was donated to the Children's Hospital Christmas Party. The girls on the Social Committee provided the audience with Sweet Kisses. (a type of candy, darn it).

Due to St. Valentine's influence, the HEARTBEAT HOP was a very great success, although it was held on the fatal Friday 13th. The BLUE KNIGHTS BAND was also at their best. The auditorium was beautifully decorated

with cupids holding ribboned hearts and shooting arrows. The stunt of the evening involved three couples eating a meringue pie without the aid of silverware. The vocal efforts of Helen Stark and the acrobatic display by Marjorie Federowski and Bernice Tkach made the dance most enjoyable.

“In Spring a young man's fancy lightly turns to thoughts of love.” This fact was evident at the “SPRING FEVER FLING,” held by the students of April 9. The program, M.C'd by Harold Mauthe, was entirely in keeping with the Spring theme. Music was supplied by the Eaton Band Box.

The last social before Graduation was held soon after Field Day. For some, dancing was painful since after-effects such as sprained ankles and sunburn had, shall we say, gotten the better of them. There was an interesting program, a great turnout and a lovely evening. Everybody had a nice time, especially the feted Track and Field Stars.

Winding up our social activities and the school year, was the long awaited GRADUATION DANCE. The auditorium was beautifully decorated for the occasion but its beauty seemed to fade when our girls arrived dressed in filmy gowns and escorted by handsome Newtonians. The last dance of the year was, to most, the best. And so ended the duties of the Social Committee which had done such a grand job in entertaining the Student Body.

## SOCIALS

The "Pigskin Prom" was held on Friday, November 21, 1947, in the Newton Auditorium. It was held in honor of the Newton Rugby squad who had reached the semi-finals. Presentations of two smart engraved cigarette cases were made to Kip McFadden and Moe Simovitch. Mr. Armstrong was presented with an engraved cigarette lighter. Many cash prizes were won by the audience and all in all a really good time was enjoyed by the crowd.

In January, the Hi-Y held a "Tramp" and dance at Bulldogs for the Grade Twelve students of Newton High. The Tramps (?), led by Harold Mauthe, were feared lost but returned in about

two hours, bruised and battered. Hot dogs and cokes were the refreshments. Bill Kalyta was the chief "cooque" (poor typewriter) and the probable cause of the groans heard in the halls a few days later.

Friday, February 6, a "Sno-Ball" was held in the school auditorium. With Lloyd Chickowski at the helm as "M. C." the dance was a great success. The biggest little band in the city performed and was acclaimed by all for their lively polkas. Then the first technicolor comedy ("Toonerville Folks") at Newton was screened. Cokes were plentiful and free (note—I said free) as they were donated by the Coca-Cola Company.

## SPORTS

The Newton "A" Hi-Y hoopsters have topped the Y. M. C. A. Community Club League without a loss. The Newton five have scored 219 points in five games while the opposition counted eighty-nine. Three games were won by default.

Opposing teams in this league are Rogues, Sahara, and Vikings. The games were played at General Wolfe, Hugh John MacDonald and Newton.

The team is made up of the following sharp-shooters: Stan (Sandy) Anderson, Len (LeeWee) Ewanchuk, Harold (Moe) Mauthe, Lloyd (Chic) Chickowski, Lenard (Len) Gzebb, Walter (Paro) Parobec, Stanley (Kelly) Kalinowski, and Rudy (Hammy) Martin.

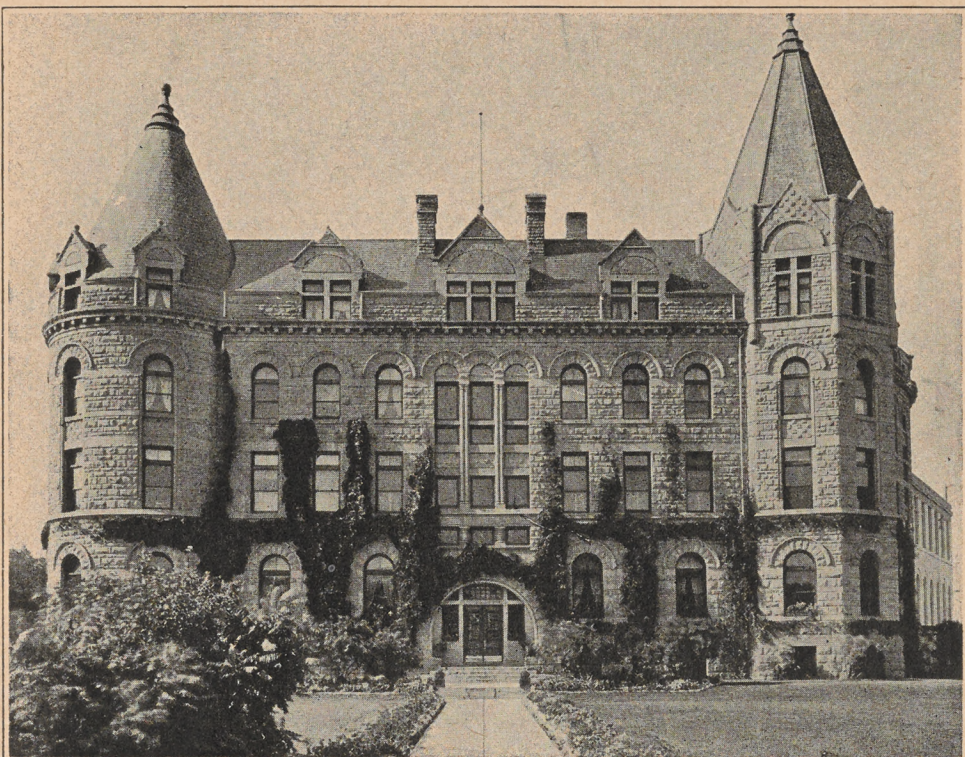

The team was coached by Bill Kalyta. Managers were Charlie (Chuck) Ursel and Walter (Rio) Hryshko.

The whole team put in outstanding performances and so no best individual players could be picked.

The Newton "B" basketball team has an almost equal record with seven wins and only two losses.

The team, made up of the following members, Allan Steinhauer, John Levy, Albert Heiland, Eddie Martin, Eddie Solars, Eddie Chornous, Walter Palisnuk, is coached by Walter Parobec.

Teams played against in this loop are Westerners, St. Judes, Comets, Armigers and Vikings.

# MUSIC

What is this that monopolizes so much of our attention? What is this that has persisted in accompanying man in his journey through time? Why, of course—it's music. But what is music? Those whom we call long-haired would say: "Music is the expression of human affairs, and ideas that are incomparably superior to mere words and phrases. Its realm is that of the rare and more intangible values of life."

Music is something deep and moving, something that extends far beyond the rhythm and simple melodies offered by popular jazz. Jazz, along with classics, however, has its place. Both have their assets and limitations. Music gives us the courage to go on, to express our emotions, our love, vigor, and superabundance. One need only listen to understand and profit.

Music activities at Isaac Newton have commanded the spotlight on numerous occasions. Festivals, dances, radio programmes, meetings and rallies have all featured music of one type or another.

It is said that with every gain there is a loss, and with every loss a gain. This fact was truly evident this year when Newton lost her friend and music teacher, Miss R. McCrum, and gained a new one in the person of Miss E. Knapp, our present music director.

Isaac Newton is a natural habitat for folk music. Thus a folksong group has been formed which entertained the Professional and Business Women's Club at their February meeting. The choir, in their bright native costumes, added variety, interest and color to the programme.

The Mixed Choir, a new feature with a future, presented a radio musical on the CBC network on Thursday, January 15, under the capable direction of Miss Knapp. This program, the first in a series of folksong presentations by High Schools, was entitled "Down Yonder Green Valley."

Several choirs took part in the annual Manitoba Musical Competition Festival. A girls' glee club of over a hundred voices, a mixed choir, a male voice choir, several classroom choirs and ensembles lent their efforts to swell the Festival's entries.

The talented instrumentalists and vocalists of the school spent much time and energy in their attempts to achieve perfection in their own particular field of music.

Andy Babynchuk, a Grade XI student, displayed his great talent in the senior violin classes. He won the Senior Violin Solo Competition, the Bach Senior Competition and was then eligible to compete for the Aikens Memorial Trophy.

The choirs gave us their best and improved after each performance. Although they won no competitions, they were able to show the public that Isaac Newton could hold its own in its first attempt at musical competition. With steady, concentrated practice and natural love of music, all competitors were able to give a good account of themselves and of their school.

One of the best high school orchestras is housed within the walls of the Isaac Newton School. The orchestra, consisting of twenty-five members has had an inspiring year under the capable direction of Mr. A. J. Fraser. In January they participated in the programme at the School Trustees' Convention at the Auditorium. They also entered the Festival in the Senior High School Orchestra Class. Because of their excellent efforts in all performances, they were asked by the Men's Musical Club to take part in their concert which was staged at the Playhouse Theatre in March.

The Isaac Newton Orchestra received high praise for their work and their efforts were rewarded by the presentation of the Archbishop Machray Shield.

A great deal of praise is due our music teacher, Miss E. Knapp.

## Sunshine Sketches

### LLOYD CHICKOWSKI

Tall, blonde, handsome and popular Lloyd is president of our student body. Through his keen determination "Chic" has successfully banished the Iron Curtain. He was co-Captain of our rugby team, and also played Inter-Room Hockey and Basketball for Room 16. "Chic" stars in Track and Field, specializing in High Jumping. At our school fair he was head convenor, and did marvellous work. He is the most reliable and hard-working member on the Newtonian staff and is Newton's Sports Writer for Interhighlights. His vocal ability was displayed in the Glee Club. "Chic" belongs to the St. John's Athletic Club and loves tennis. Famous for his friendly nature, "Chic" maintains that his ambition in life is to get some — ambition, that is.

### GENEVIEVE STARK

First Lady of the Year Book, our charming Editor-in-Chief. Because of her determination and tireless effort, Gene has become invaluable to our Alma Mater. Short, cute, green-eyed and powerfully persuasive, Gene spends her spare time as soda jerk at her father's store. As Vice-President of our school, in the first half, Genevieve displayed keen executive ability. She was Council Representative on the Nor'-Wester, and here proved her literary

ability by writing interesting features for the paper. Being one of Newton's Rep.'s on the Interhighlights was another of her many accomplishments. Gene was also a member of the Glee Club. Regardless of her numerous activities, she still keeps up her studies. Because of her love for food, Gene intends to go to "U" and take up Home Economics. A great worker who deserves a great deal of sincere thanks, Genevieve is looked up to and admired by her fellow students.

### HAROLD MAUTHE

This short, blue-eyed lad with the brush cut was probably the most versatile and popular student at Newton

this year. He was winner of the Peter Kalyta Memorial Trophy in Grade XI and triumphed in many other activities about the school. He was plunging "All-Star" fullback on the rugby

team an outstanding Captain of the Championship Basketball aggregation. "Moe" was President of Room 16 and Chairman of the Athletic Committee. He was also an indispensable member of the Social Committee. His capable coaching of the Newton girls' basketball team, along with friend Daski, brought the Senior Crown to our school once more. Not to be outdone scholastically, he has maintained an honors average this year. He was also Newton's representative on Eaton's Junior Executive. Moe's ambition is just to be a "regular guy" and his countless friends say, "Harry, that's exactly what you are!"

### MARGARET DOLHUN

Margie is the very capable secretary of our Student's Council. Besides being very scholastic, this short, raven-haired Miss is also very athletic. She captained the Championship Volleyball team and was a starry guard on the Championship Basketball team. Marg also took Track and Field Honors last year and will undoubtedly make a name for herself this year. Another of her duties is Sports Captain of Room 14. Her summers are taken up playing baseball for I.P.A.C. Margaret is president of the Glee Club which echoes her musical interest. Her ambition is to get ahead and with her charming personality, how can she lose? Marg's winning smile and friendly manner have rated her high with both teachers and students.

### JOHN KORLENCHUK

Versatile lad in Room 16 with 5 ft. 2½ in. of brawn, brain and good will. Johnnie starred on the rugby team as running guard and also defenceman on the Inter-room Hockey team. Although he does not excel in basketball, he can always be counted on when the team is in a tough spot. It is John's super salesmanship for advertising which is his outstanding trait. Armed with a dynamic sales personality, this lad went out and sold an amazing number of ads. It is things like his super-salermanship which make the publishing of our Year Book possible. John is also Miss Hazelwood's pet peeve. He bombards her with countless questions from which he gains his title the "Quiz Kid."

### LILLIAN LOHSE

Mr. Lind's photographic secretary who would rather work in the dark-room than do shorthand. Her pleasing personality and great wit make her well liked by all. Lil has spent the

best part of her school life working in the dark-room for the benefit of the students. Her aptitude at typing and good will were very helpful in publishing the Year Book. She spends her evenings working at the Tower and giving free "Pop Corn" to her friends. Lil was also head girl in the photographic department at the fair and did a thorough job of keeping things in order. She is probably the cause for Mr. Lihd NOT going gray. Newton would definitely be short-handed without our efficient Lil and her typewriter.

#### HILDA PIELUCK

This up and coming young lady has a great future at Newton, especially in the field of sport. If the saying, "The best things come in small packages," can be counted on, Newton is indeed fortunate to have this personable young lady on its list of students, for Hilda has already proved herself a capable leader. As captain of both the Junior Basketball and Volleyball teams, she spurred the Juniors on to near victory. She is also a starry Track wonder and won many points for her class in the Field Day meet. So to her we say, "Keep up the good work, Hilda, for Newton needs you and many more like you."

#### ANNE BURBA and EDDIE SHOZDA

Two of our Grade X students who really went all out for the Newtonian advertising campaign are Anne and

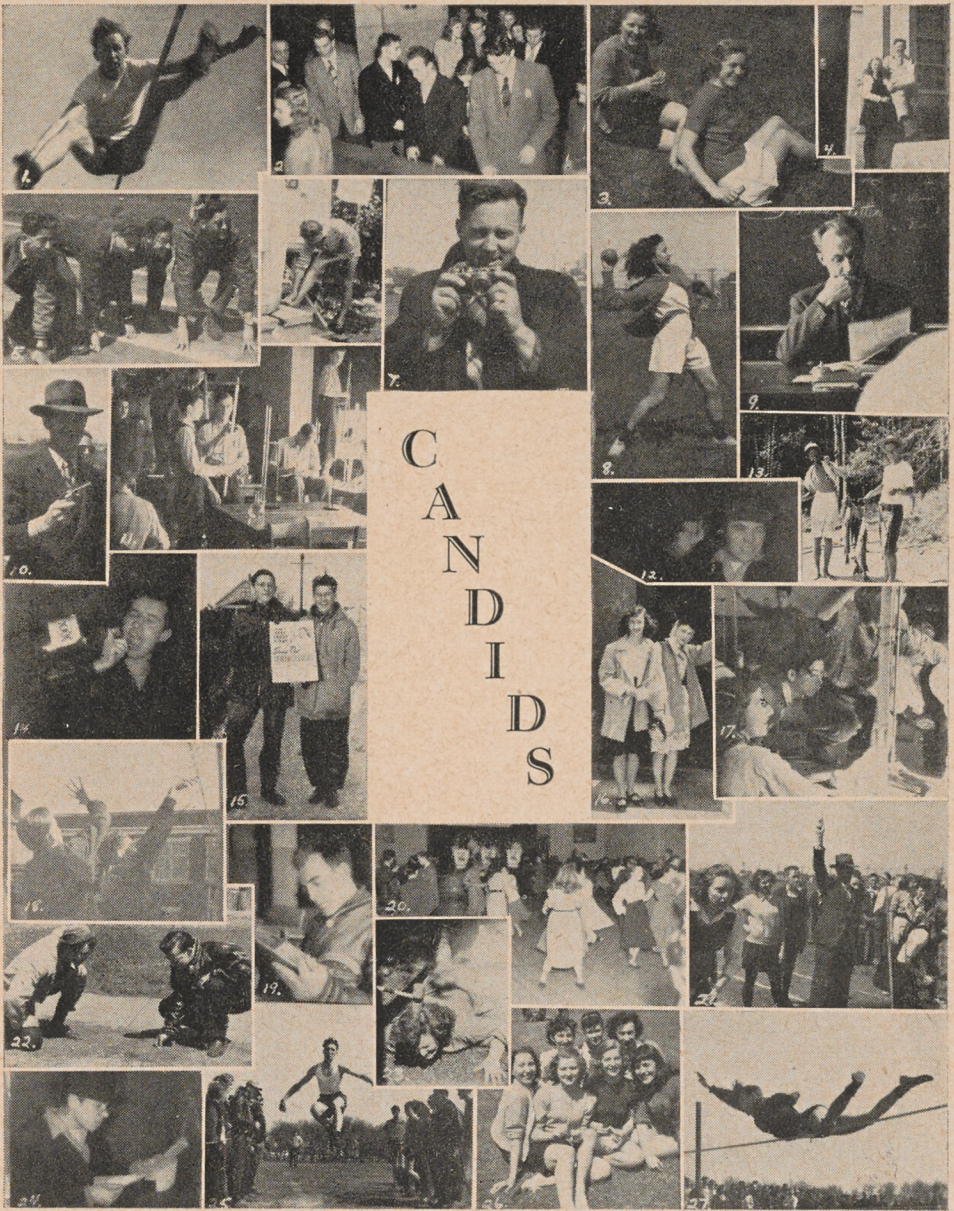

Eddie. Anne is a short and sweet young lady with sparkling brown eyes and lively interest in everything. As well as soliciting ads for the Newtonian, Ann is on the advertising staff of Interhighlights.

Eddie, her partner in business (?) is also short and cute. He is a very lively fellow with a gay word for everyone. His interests are skating, baseball and most sports in general. These two worked hard to make our soliciting campaign a success, and although constantly quibbling, are the best of friends.

#### THE ARTIST

To glimpse, to hope, to grind,  
And then, to soar  
Light-wing'd, unbound  
As the swallow,  
Gay plumed, careless  
To sing together, tenderly, rapturously  
To wheel and circle,  
Dip and dive together;  
Then suddenly! Alone and crippled  
To be drop't from the sparkling blue  
Into thick grey fog, down  
Past the red, gold sun to the dull,  
black soil,  
Down,  
Down,  
Down,  
And feel the the hollow tomb of earth  
Close o'er him;  
That's his lot!  
Wing broke; voice gone;  
No flight; no song.  
But in him the gift of Faith —  
Tomorrow he will try to soar again.

Corinne Langston.

# BOYS' SPORTS

Newton has proved to all the "doubting Thomases" that it is to be reckoned with as one of the foremost schools in the field of athletics. The Nor'Wester's curriculum is chock-full of enticing opportunities for the sport-minded student as well as for those who find difficulty in learning the rudiments of team games. Football, soccer, basket-ball, bowling and track and field provide the main diversions for the male portion of the school enrollment. The athletic endeavors of a student help him no end. They promote sportsmanship and comradeship as well as giving the participant a sense of keenness and timing that aid in the development of his grey matter. Thus, sports and school work go hand in hand.

Newton's activities in competition for the past year will go down in the city's annals as up to par. This is due to the fine co-operation and untiring efforts of the people behind the scenes. Sincere thanks must be given to Mr. Armstrong, Mr. Fraser, Mr. Klassen, Mr. Pearce and Mr. Avery for their unselfishness in the giving of

time and effort for the improvement of sports. Graduates Carl Wozny and Bill Bell along with Newton's two beloved football coaches, Cliff McFadyen and Moe Simovitch, devoted much of their valuable time to bring Newton to the top. Their work will not be forgotten. Although you may not realize it, the cheerleaders, waterboys, scorekeepers, and the cheering supporters were all cogs in the wheel that made Newton a great piece of machinery—a machine that is forever making **PROGRESS** . . .

## RUGBY

The Newton gridiron tyrants of this year held the school's standard high. Our gladiators were in a sorry plight at the begining of the schedule as they suffered from lack of experience in grid warfare, but improved greatly under the watchful eyes of mentors Cliff McFadyen and Moe Simovitch.

The first engagement saw our machine ploughed under to the tune of an 18-5 score at the hands of the Gordon Bell Panthers. Our front wall

*Middle Row*—Mr. Babb (assit. manager), Moe Simovitch (line coach), B. Kwasnysia, T. Yurechuk, W. Ewashkiew, E. Franks, B. Kalyta, M. Daski, B. Senyk, W. Parobec, M. Sawka, M. Shatulsky, S. Kalinowski, J. Shanderuk, Kip McFadyen (coach), J. Armstrong (manager).

was quite weak and the Bell backs made no mistake when their opportunities came. Broad-shouldered Harold Mauthe scored the red and black horde's only touchdown in the last quarter to save them from a whitewash.

15-5 was the count of the next tussle with Newton on the long end. St. John's Tech were the victims as the Nor'Westers tore up the turf in an effort to make up for their first showing. Lloyd Chickowski and Bill Senyk paved the way for the initial T. D. with Mauthe lugging it over. Mike Daski, the power-house blocking back, converted and later booted a 42-yard placement to increase the lead. Rookie Hill wriggled through the tackle slot for the final score. Daski again converted.

A supreme spine tingler would describe the Nor'Westers' game against the Daniel McIntyre Maroons. The Alverstone aggregation were dominated throughout by Newton's galloping squad and won only by a slim margin of 5-4 due to a quirk of Fate in the latter portion of the match. The Newtonites' scoring came by virtue of a rouge and field goal.

The last scheduled game of the season saw the Newton gang vanquish the Kelvin Clippers 6-1. Tricky Bill Senyk found paydirt in the first quarter after making a twenty yard jaunt. Daski converted. Newton's two bruising

centers, Okrusko and Kornberg, did a great job of play stopping.

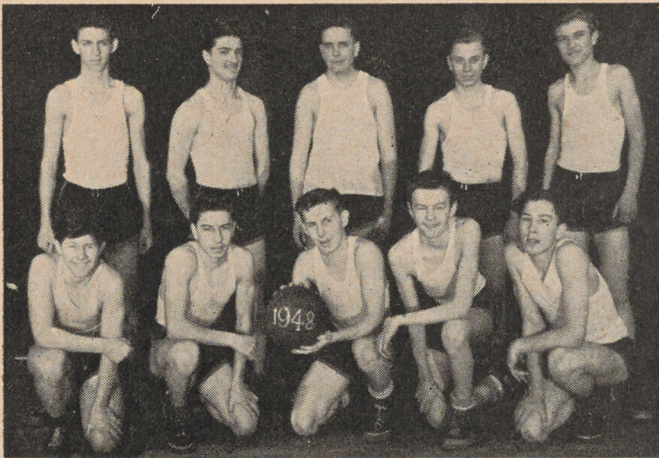

Mauthe and Senyk stole the show in a do-or-die bid for a play-off berth. Mauthe thundered across for three touchdowns and Senyk amazed the spectators with an eighty-yard kick to the deadline in Newton's decisive 18-6 victory over their St. John's Tech Brethren. Our now staunch line was a big factor in the triumph.

The Norsemen bowed valiantly out of the grid picture in a well-fought game against the Mac Maroons. At the end of the tilt the score-board read 13-7 in favor of the Dannies. Newton's seven points were made as a result of Mauthe's touchdown, Daski's conversion and Furgala's rouge. The Mac-Intyre victory gave the Maroons the City title. Thus another thrill-packed rugby season had come to an end.

### JUNIOR BOYS' BASKETBALL

This season, as in the past, Newton has held its own in the field of basketball. At the close of the rugby season the call sounded for Junior and Senior basketball candidates.

To the Junior team mentor, Bill Bell, a graduate of our school and one of Newton's foremost athletes, goes our sincere thanks for taking under his wing these eager and lively players. The team consisted of both new and

Two exhibition games were played against St. Paul's in which our Junior cagers broke even.

Newton will be seeing more of this year's first year men—Dolhun, Cymbalisty, Shetsko, and Solars, for they are sure to bring much glory to our halls.

## SOCCER

A team comprised of a hardy lot of boys interested in keeping the old game of soccer in Winnipeg rose to the occa-

sion and presented Isaac Newton with the Junior Championship. These lads displayed a canniness equivalent to any men's team in our fair city. Under the guidance of Mr. "Chuck" Avery our eleven won the title in a walk. The team was paced by stalwart Centre Half, Sam Dolhun and by the sterling defensive work of Loquacious Captain Steve Solilo and Tony Skehar. Every outing on the pitch was successful for our mites as their record remained unblemished throughout the season.

## BOYS' SENIOR BASKETBALL

Once again with Carl Wozny at the helm, our Red and Black cagers have topped the Senior Boys' Basketball Loop. This victory has given the Nor'Westers the title for the third consecutive year.

After winning five straight, our boys dropped a hard fought contest to Gordon Bell by a 33-26 count. In the following match the Gee Bees lost to St. John's while Newton defeated Kelvin. This loss for Gordon Bell smashed their only hope for the championship and so our own Red and Black Cagers were declared City Champions.

Next came the play-offs for the Provincial Championship. Isaac Newton met the St. Paul's Crusaders in a two out of three series and won with two straight victories. The first game was won by a score of 20-10. The second game was very close but our boys finally came through to win by a 26-22 count. And so our lads were acclaimed victors and official Provincial Champions.

### The Team

*Harold (Moe) Mauthe*—All-star guard who captains the senior aggregation. Ace dribbler and sharp-shooter.

*Wally (Paro) Parobec*—Newton's high scoring guard. Seldom misses his one-handed shots and picks off all rebounds.

*Mike (Harlem) Daski, L.F.*—South-paw all-star, comes through when in a tough spot.

*Stan (Kelly) Kalinowski*—6 ft. 1 in. centre. The team's pivotman whose aggressiveness was a main factor in many of their victories.

*Millian Kanuiga, R.F.*—"Kegs Jr." Capable performer whose best is a one-handed push shot.

*Walter Kanuiga, L.F.* — "Kegs Sr." the other south-paw on the team who specializes in dribbling. Master of free-throws.

*Alf Leite*—First year man who played well when on the floor. Did not get much chance to show his ability.

*Back Row (left to right)*—"Chuck" Avery, W. Kanuiga, E. Tesluk, M. Daski, M. Kanuiga, J. Robertson, S. Pelechaty.  
*Front Row*—W. Parobec, B. Stefanik, H. Mauthe (captain), A. Steinhauer, S. Kalinowski, A. Leite.

*Stan (Sawbuck) Pelechaty*, Guard—Combined faking with a good two-handed set shot to make a constant threat.

*Jim Robertson*, R.F.—Ball-handler De Luxe, who played heads-up ball all season.

*Bill Stefanik*, Guard — Cagey player who came through in fine style in his first year of senior ball.

*Allan Steinhauer*, Centre—First year player. Plays a very cagey game under opponent's basket.

*Ernie Tesluk*, R.F.—Speedy little forward who usually outwits his opponents to get away for his fast break.

*Carl Wozny*, Coach—Graduate of Newton. Plays senior basketball while coaching the Newton team. Has turned out two championship teams.

We, the students of Newton High, would like to take this opportunity to express our thanks and appreciation for a job well done, to both coach and players.

#### INTER-ROOM HOCKEY

Newton held their own Winter Olympics beginning January 12 and ending March 1. Many of the games were packed full of exciting moments. Fever rose in the finals when the highly rated Room 18 lads met the spunky kids from Room 16. There were many hard bumps and slides as well as a brilliant ballet display by the "Ballerina of the Flashing-Blades" Terry Yurechuk. His whirls and twirls so dazzled the opponents that Room 16 was able to claim the School Cham-

pionship. The Room 16 line-up is as follows. Murray Balagus, Joe Bobychuk, Terry Yurechuk, John Korlenchuk Edward Kumka, Ernie Tesluk, George Kondryshyn, Lloyd Chickowski, and Harold Mauthe.

#### INTER HIGH TEN-PIN BOWLING

Newton again answered the call of inter-high competition and entered three teams in the Inter-High Ten Pin bowling meet. Team 2 and Team 3 bowled in grand style and placed second in their respective shifts in the first meet. Mike Daski, Bill Stefanik, Vic Pomeranski, and Herman Litsky made up the second team while Team 3 consisted of Millian Kanuiga, Myron Shatulsky, David Oshanek and Mike Klym. These sharp-shooters were presented with \$1.50 each by the league.

#### INTER-ROOM BOWLING

Due to the efforts of the Athletic Committee Newton High added bowling to its wide field of activities. This sport was made available to us through the hard work of Millian Kanuiga and Victor Pomeranski.

The school crown was won by a strong team from Room Seven. The champions bowled brilliantly to take top honors in a field of nine teams. Fifty-one points were earned by these sharp-shooters, while Room 15 placed second with 30, and Room 16 obtained twenty-seven to take third place. The league "Kings" are Victor Pomeranski, Herman Litsky, Eugene Skehar, Steve Stastook, and Walter Bilocerkowich.

## SENIOR INTER-HIGH VOLLEYBALL

Coached by Miss C. Griffiths and captained by speedy Marge Dolhun, the Senior Girls brought another championship to Newton High. The team

rolled through the season without a loss and displayed some of the smartest volleyball tactics ever shown by senior volleyballers.

## GIRLS' SENIOR BASKETBALL — INTER-HIGH CHAMPIONS

## SENIOR GIRLS' INTER-HIGH BASKETBALL

Yes, you guessed it, another championship team. The Senior Girls whirled to the championship by merit of an undefeated schedule, studded with stellar performances in all departments. Sparked by point-getters Lesia Dowhanyk and Marge Fedorowsky, the "Amazons from Newtonia," swept through all opposition, compiling a grand total of 95 points, as compared with 53 points that were scored against them.

In considering that our school has a small enrollment in comparison with other schools, and our gym is nothing out of this world, we should well be pleased and proud, that the Senior Boys and Senior Girls have won the basketball championships. Proud coaches of those win-flushed femmes are, Harold Mauthe and Mike Daski.

## JUNIOR INTER-HIGH VOLLEYBALL

Under the capable coaching of Miss Griffiths, the Junior Volleyball team displayed some fine ball handling and also produced some very promising stars for next year's Senior team. Although the Juniors did not win any titles the girls deserve high praise for their wonderful effort.

Some of the outstanding players for the Juniors were: Hilda Peiluck (Captain), June Eichhorn, Hope Yanick, Ann Baran, Valerie Bodnarchuk and Pauline Kucharchuk.

The remainder of the team were as follows: Viola Eichhorn, Dorothy Burnby, Joyce Macush, Olga Dumanchuk, Julia Levandoski, Anne Rodick, Eileen Wright, Ann Nickel, Lillian Petriw, Gertrude Brucker and Olga Carrey.

## INTER-ROOM VOLLEYBALL CHAMPS

In the inter-room volleyball series, Room 19 captured the Grade Ten Championship and then much to the surprise of the whole school and themselves they downed the Grade Twelve Champions, Room 16. This victory gave Room 19 the School Volleyball Championship.

The winners displayed keen sportsmanship as well as good ball handling. This victory of a Grade Ten team over a Grade Twelve team tends to show that any team regardless of size or grade can win.

The team: Hilda Peiluck (Captain), June Eichhorn, Anne Nickel, Eileen Wright, Viola Eichhorn, and Valerie Bodnarchuk.

Missing—D. Burnby.

## JUNIOR GIRLS' INTER-ROOM BASKETBALL CHAMPS

The Room 19 girls proved to be the superior team this year by walking off with the honours in both volleyball and basketball in the inter-room series. By holding the title for School Volleyball champs as well, these girls have shown their keen interest in sports and their ability to work together as a winning team. They played seven games which they won by high scores, without a single defeat. The game played with the Senior Room 16 team for the School Championship, was very exciting and close, as indicated by the final score of 7-2 in favor of Room 16.

The games played were as follows:

Newton....	12 vs. Gordon Bell....	8
Newton....	14 vs. General Wolfe	4
Newton....	11 vs. St. John's .....	22
Newton....	15 vs. Kelvin .....	9
Newton....	12 vs. Daniel Mac.....	15

## JUNIOR GIRLS INTER-HIGH BASKETBALL

With coaches Harold Mauthe and Mike Daski at the helm, the Junior Girls wound up a fairly successful season with three wins and two losses. The girls failed to win the title but exhibited the makings of a winning team. They showed a keen knowledge of the game with excellent dribbling and sure ball-handling.

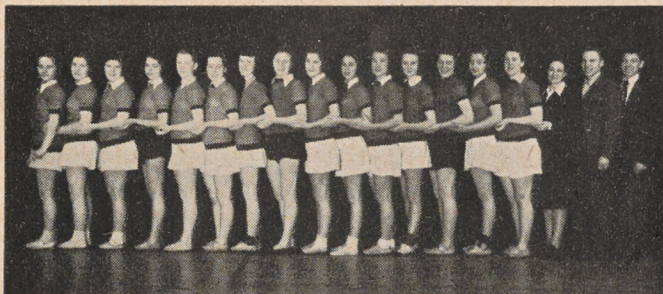

Taking into consideration the fact that this was the first year of Inter-High competition for the girls, we feel they should be congratulated on their good showing. These hoopsters should supply excellent material for next year's Senior Team.

## OUTSTANDING GIRL ATHLETES OF 1947-48

*Winnie Kureluk*—Has lent a helping hand in all sports activities. Her powerful arm will probably bring home a ball throw championship.

*June Ridge*—This tall lassie has already brought to Newton two Provincial High Jumping Championships and is on her way to set a new record.

*Helen Lulewick*—One of the girls who can decide whether we win or lose

a game. We can be very thankful to her for the co-operation she has given us in the athletic field for the past three years.

*Lesia Dowhanyk*—A "natural" in all sports. Cannot be beat when she shows her forceful way in spiking on the volleyball floor.

*Ruth Bauer*—Specializes in track and field events. We're counting on her to bring home some wins.

*Mary Buchko*—A grade eleven girl who was always there when you needed an assist. Her keen interest in sports makes her a good team mate.

*June Eichhorn*—A grade ten lassie who proved her sports' ability when she took the centre spot on her Junior Basketball team and did a wonderful job.

*Valerie Bodnarchuk*—Another Junior girl who has, by her hard work and interest in athletics shown us she will go a long way up in this line in the future.

*Marge Federowski*—Pass her the basketball — she'll sink it; set up the volleyball — she'll smash it out of their reach; hand her the baton — she'll beat them over the finish line; ask her how she does it — she'll tell you!

# - HUMOR -

"What are these brown spots on your suit?" asked Frank P.

"Rust," replied Nestor B.

"Rust?"

"Yes—the tailor said the thing would wear like iron."

---

It was early morning in the Avery household, when Mr. Avery whispered across to his wife, "Must be time to get up."

"Why?" she asked yawning.

"Because" he sighed, "the baby just fell asleep."

---

It is a great kindness to entrust people with a secret. They feel so important while telling it.

---

Myron S.: "You should see my living-room! What a luxurious carpet. When you step on it you sink down six feet."

Ted Fraser: "How come?"

Myron: "No floor."

---

She had absolutely nothing to wear and six closets to keep it in.

---

The landlady brought in a plateful of extremely thin slices of bread, which rather dismayed her hungry men boarders.

"Did you cut these, Mrs. Brown?" asked Ed Kostan.

"Yes, I cut them," was the stern reply.

"All right," retorted Ed, "I'll deal."

---

The minister had come to Ed Kunka's residence in Brooklands. As he put Ed's younger brother on his knee he said, "So you can count, can you? Let me hear you."

The brother started out with alacrity, "One, two, three, four, five, six, seven, eight, nine, ten, jack, queen, king."

Policeman: (to Mr. Gresham, who has been knocked down by a car)—  
"Did you happen to notice the number of the car, sir?"

Mr. G. "Well, not exactly, but I remember noticing that if it was doubled and then multiplied by itself, the square root of the product was the original number with the digits reversed."

---

Tedd P. (answering charge of speeding) "But your Honor, I'm a Newton student."

Judge: "Ignorance does not excuse you."

---

Miss Babb: "Why are your socks inside out?"

Harold M.: "My feet were so hot I turned the hose on them."

---

Hammy: "My face is my fortune."

Chic: "So you're still broke, eh?"

---

Mr. Lind: "Give me the definition of space."

Bill Kalyta: "I've got it in my head but I can't just state it."

---

Customer: "Ouch! This towel is scalding hot!"

Barber: "Sorry sir! But I couldn't hold it any longer."

---

"You say that this is the man who knocked you down with his car," said the Judge. "Could you swear to the man?"

"I did," answered John K., "but he just swore back at me and drove on."

---

"What have you been doing all summer?"

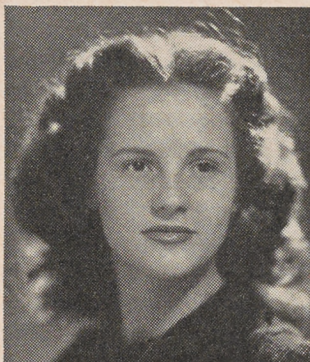

"I had a position in my father's office."

"I wasn't working either."

### OUR CARETAKERS

Two very familiar figures about the school are Stan Haier and Frank Skuzanski. These two gentlemen can always be counted on for a friendly

smile or a helping hand. Frank has been with us for seventeen years, but Stan is a newcomer to Newton. Both of them tell us that they like Newton, and value the friendship and co-operation offered them by the students and staff.

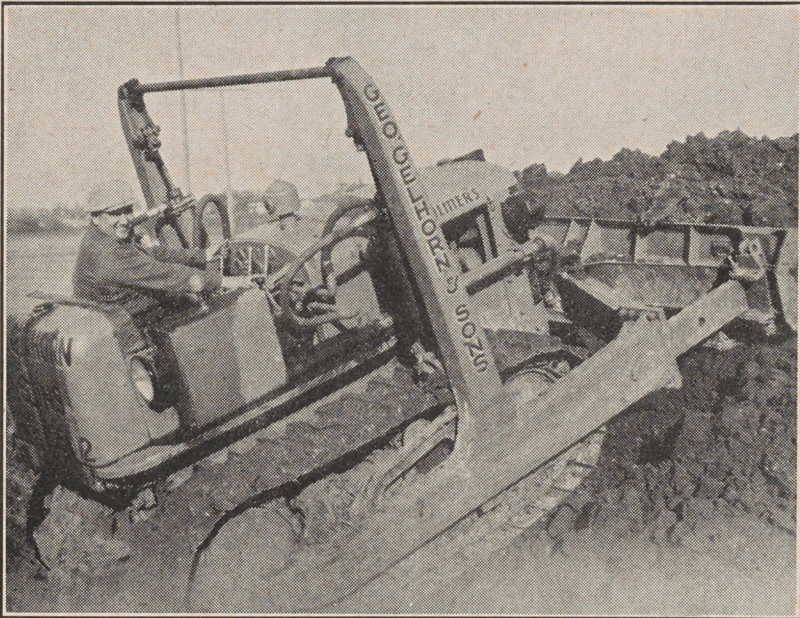

If a balance sheet were made up for

Newton, Frank and Stan would definitely be placed on the asset side. If assistance is needed, without question, either one of these, our friends, complies. Frank keeps us supplied with milk and cokes, while Stan keeps us happy with good spirits, smiles and all-round help.

We would like to thank them for their help on behalf of all the students but especially on behalf of the graduating classes of '48. We know how often they have cleaned ink spots off the floor and picked up paper pellets and pieces of chalk, which we, the students (in playful moments) have thrown around. How their patience must have suffered, but always in silence! We sincerely hope that the future students of Newton will not be quite as destructive. From the graduating classes, thanks to you, Frank and Stan.

City Hydro introduced low-cost power to Winnipeg citizens in 1911. Today it is supplying low-cost electric service to an ever increasing number of satisfied customers.

From an original plant and property costing three and one-quarter million dollars, it has expanded into an investment of nearly thirty-two million dollars.

City Hydro's achievements in the low-cost power field have made City Hydro a symbol of successful municipal ownership.

A young couple had asked the preacher to marry them immediately following the Sunday morning service.

When the time came he said: "Will those who wish to be united in holy matrimony please step forward."

To the Altar came one man and twenty-three women.

## **THE LAD WHO FORGOT**

A young student was asked "What is Electricity?" He replied, "I did know, but I've forgotten." On hearing of this Thomas Edison, the inventor of the electric light globe and many other things, said, "What a pity that the only person I've heard of who knew what electricity is, has forgotten."

## **WHO PROVIDED WINNIPEG WITH ITS FIRST HYDRO-ELECTRICITY?**

The Winnipeg Electric Company did, when in 1906 it first transmitted electricity to Winnipeg from the Pinawa power plant which it built on the Winnipeg River, 70 miles by road from Winnipeg.
